ONLINE
TRAINING

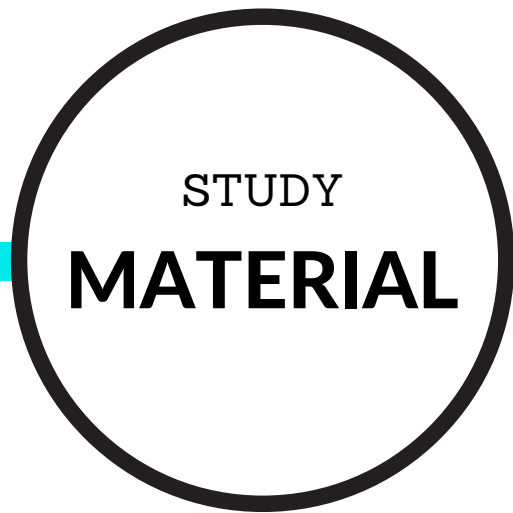

**THE BLUEPRINT
SOLUTION**

PASS THE BOARD EXAM!

WITH
ANDREA
TWAROWSKI

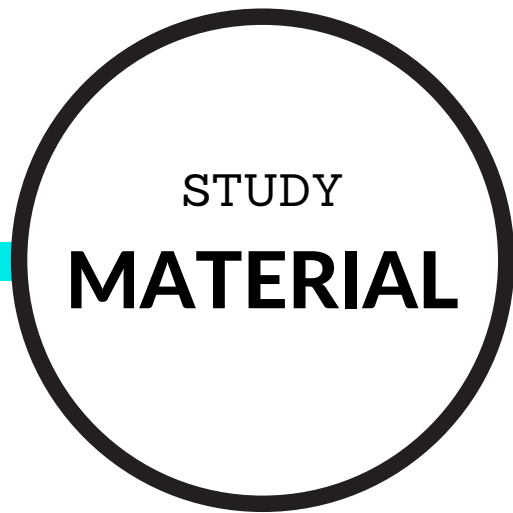

**35-45% of the
exam**

GROUP 1A

- Ethics
- Culture
- Autonomy
- Instrumentation
- Infection Control
- Hard/Soft Tissues
- Deposits
- Radiographs
- Medical Emergencies
- ADPIE
- Periodontal Maintenance

**25-35% of the
exam**

GROUP 1B

- Standards of Practice
- Oral Pathology
- Pharmacology
- Vital Signs
- Medical Emergencies
- Head/Neck Anatomy
- Interpreting Radiographs
- Risk Factors for Disease
- Contraindicated Treatment
- Prioritize Client Needs
- Specialties
- Oral Self-Assessment
- Managing Pain and Anxiety
- Anticariogenic Agents
- Referrals

**16-25% of the
exam**

GROUP 2A

- Communication
- Psychology and Sociology
- Nutrition
- Anatomy
- Biology
- Physiology
- Immunology
- Seniors
- Restorative
- Equipment
- Water Lines
- Indices
- Clients Knowledge and Beliefs
- Education
- Diet Practices
- Chemotherapies

5-15% of the exam

STUDY
MATERIAL

GROUP 2B

- Populations
- Oral Health Programs
- Budgets and Data
- Embryology
- Histology
- Orthodontics
- Pedodontics
- Oral Surgery
- Prosthodontics
- Disposal and Wastes
- Large Scale Outbreaks
- Demographic Data
- Governments
- Periodontal Dressings
- Sutures
- Impressions
- Sportsguards
- Intra/Extra oral Photos
- Family Care

COGNITIVE ABILITIES

1+2+3

1. Knowledge and Comprehension - 20-30% of exam

- The ability to remember previously learned material, definitions, facts and principles

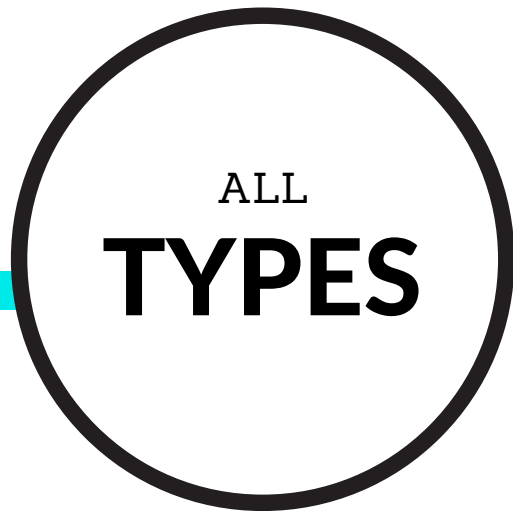

2. Application - 45-55% of exam

- Apply learning to practical situations, rules, methods, theories and providing client care

3. Critical Thinking - 20-30% of exam

- Higher levels of thinking - synthesize information and solve problems. Relevant and irrelevant data, formulate valid conclusions and make judgments concerning client needs

AGES

%

0-18 years of age = 20-40%

19-64 years of age = 30-50%

65+ = 20-40%

NATIONAL DENTAL HYGIENE CERTIFICATION EXAMINATION DEVELOPMENT GUIDELINES

COMPETENCIES			
Group 1-A: 35-45% of items	Group 1-B: 25-35% of items	Group 2-A: 15-25% of items	Group 2-B: 5-15% of items
STRUCTURAL VARIABLES			
Examination Length and Format	<p>It is a computer-administered examination.</p> <p>The examinee will have 4 hours to complete the examination.</p> <p>The examination consists of a pool of 245 operational and scored items, from which 180 objective items (i.e., multiple choice question) will be selected and scored for each examinee. <i>In addition</i>, another 20 experimental items will be tested for statistics gathering only (these items will not count towards the final score). The examination consists of 200 items in total.</p>		
Item Presentation	<p>70-80% independent items</p> <p>20-30% case-based items</p>		
Cognitive Ability Levels	Knowledge/Comprehension:	20-30% of items	
	Application:	45-55% of items	
	Critical Thinking:	20-30% of items	
Competency Categories	<p>Responsibility</p> <p>Accountability</p> <p>Continuing Competence</p> <p>Professional Relationships</p> <p>Client Relationships</p> <p>Practice Management</p>	<p>Foundation Knowledge</p> <p>Health and Safety</p> <p>Assessment and Diagnosis</p> <p>Implementation</p> <p>Planning</p> <p>Evaluation</p>	
CONTEXTUAL VARIABLES			
Client Age and Gender		Male	Female
	0 to 18 years	10-20%	10-20%
	19 to 64 years	15-25%	15-25%
	65+ years	10-20%	10-20%
Client Culture	Items are included that measure awareness, sensitivity, and respect for different cultural values, beliefs, and practices, without introducing stereotypes or biases.		
Health Care Environment	Since dental hygiene can be practiced in a variety of settings and most of the competencies are not setting dependent, the health care environment is only specified when required.		

STUDY
MATERIAL

GROUPS

Higher Frequency

Group 1A - 30 competencies

Group 2A - 30 competencies

Lower Frequency

Group 1B - 28 competencies

Group 2B - 29 competencies

LENGTH

4 HOURS

200

QUESTIONS

180

SCORED

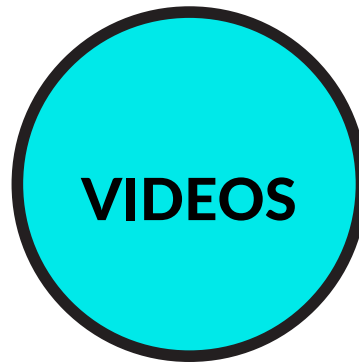

20 questions are experimental and NOT scored for the exam

Case based (case studies) with five or six items per scenario.

70-80% are independent and 20-30% are case studies
